

CDHY PeVatron Workshop

Friday, 10 October 2025

Emerging Pev Sources (09:00 - 10:30)

time	[id] title	presenter
09:00	[13] Studying PeVatron candidates with VERITAS and PANOSETI	HOLDER, Jamie
09:30	[26] Investigating the distribution and propagation of Galactic Cosmic rays using gamma-rays	YANG, Ruizhi
10:00	[10] Contribution of young massive stellar clusters to the Galactic diffuse gamma-ray and neutrino emissions	CELLI, Silvia

Emerging Pev Sources (11:00 - 12:15)

time	[id] title	presenter
11:00	[11] Revealing the origin of UHE gamma-rays from massive-star environments with 3D (M)HD simulations and detailed modelling: the case of the Cygnus region.	HAERER, Lucia
11:20	[5] Cosmic ray escape from Galactic PeVatrons	MITCHELL, Alison
11:50	[43] Discussion on Alternative PeVatrons	MORI, Kaya LUNDY, Matthew
